LT-Poster

Indoor LED Digital Poster

Excellent Advertising Display

160° viewing angle, 3840Hz high refresh rate, anti-reflection, and deep blacks help deliver stunning advertising visuals without aesthetically unappealing splicing gaps from LCDs.

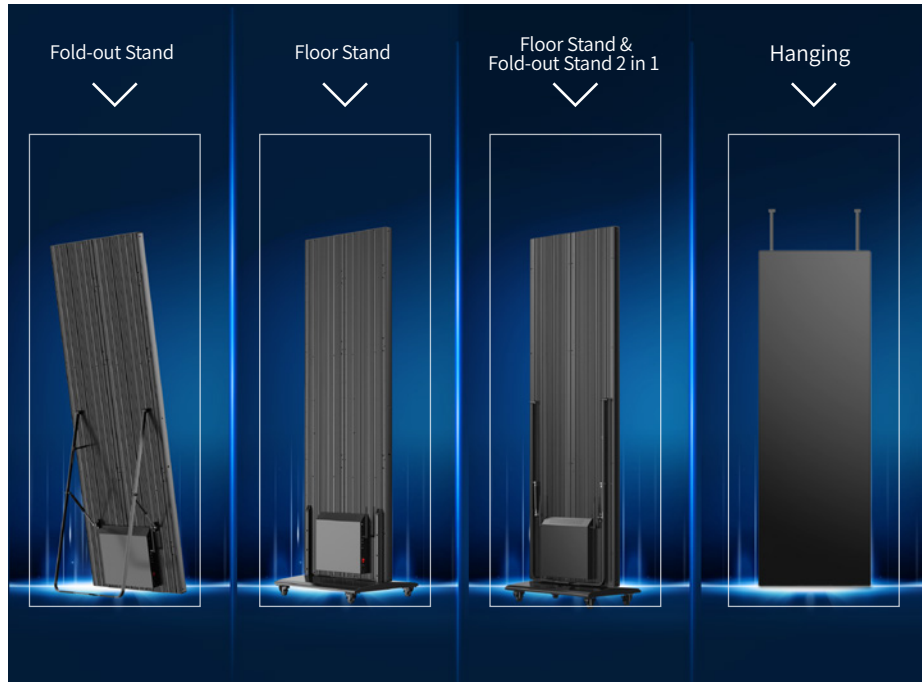

Multi-scenario Application

The compact LT-Poster with integrated lightweight structure can be well applied in multiple scenarios including exhibition centers, shopping malls, retail stores, stations, supermarkets, fast food restaurants, etc.

Fast Installation & Maintenance

LT-Poster allows multiple quick setup options including hanging, floor stand, and fold-out stand, among which floor stand and fold-out stand can be switched arbitrarily. LT-Poster also supports fast maintenance due to the module unit design.

Multi-screen Cascade

Multiple LT-Posters can be seamless cascaded together with high flatness to satisfy various resolution needs such as a 16:9 golden ratio while ensuring an exceptional 2K display.
